Docket No.: G00339/US
(PATENT)

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re Patent Application of:
Craig Andrew Campbell

Confirmation No.: 5861

Application No.: 10/808,741

Customer No.: 35758

Filed: March 24, 2004

Art Unit: 3679

For: SELF DAMPENING ROTARY SHAFT

Examiner: G. J. Binda

RESPONSE TO RESTRICTION REQUIREMENTMS Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

In response to the election/restriction requirement set forth in the Office Action mailed September 12, 2005, applicant hereby provisionally elects Species I for continued examination, with traverse.

The Examiner has required restriction between:

Species I: FIGS. 1-6

Species II: FIGS. 7-8

Based on a review of the claims, Applicants elect claims 1 and 3-21, which read on Species I, with traverse. In view of the significant overlap between the claims of Species I and II, and the presence of generic claims, it is respectfully submitted that the Examiner will be required to search art not only related to Species I, but also related to Species II as part of the analysis of the generic claims. Currently, at least claims 1 and 3-21 read on Species I.

Application No.: 10/808,741

Docket No.: G00339/US

Upon the allowance of a generic claim, Applicants will be entitled to consideration of claims to other species in addition to the elected specie, provided that all claims to each additional species are written in dependent form or otherwise include all the limitations of an allowed generic claim as provided by 37 CFR 1.141.

If the Examiner has any questions with respect to this communication, he is kindly urged to call the undersigned. Applicant believes no fee is due with this response.

Respectfully submitted,

Dated: October 7, 2005
